2.0	Version 2 update to accident reporting system	Lyndsey Jeffries	June2021

Materials, equipment and facilities.

The school will provide materials, equipment and facilities as dictated by the needs of the risk assessment.

The location of First Aid Kits in school are;

- Emergency grab bags in each classroom and reception
- Company vehicles

The location of the defibrillator(s) is:

- School External wall (community defibrillator)

The dedicated 1st Aid room is located on ground floor corridor

The contents of the kits will be checked on a regular basis by first aiders and stock replenished as required.

Only prescription medication is accepted onsite and is secured in the first aid room in a locked first aid cabinet or locked fridge, controlled substances will be stored in the safe in the reception office. Consent forms and administration records are kept in the office. This policy should be read in conjunction with the Supporting Pupils with Medical Conditions policy.

Appointed persons for 1st Aid are listed on the first aider posters around school. Training will be provided by the school as required to ensure that nominated personnel retain their qualifications and appropriate numbers of first aiders are on site when necessary.

Offsite activities/transportation.

At least one first aid kit will be supplied in an offsite visit bag, on all off site activities, along with individual pupil's medication and emergency medical information as appropriate.

A person who has been trained in first aid will accompany all off site visits.

Information on First Aid arrangements.

The Head teacher will inform all employees at the school of the following:

- The arrangements for recording and reporting accidents.
- The arrangements for First Aid.
- Those employees with qualifications in first Aid.
- The location of First Aid kits/defibrillators

In addition the head teacher will ensure that signs are displayed throughout the school providing the following information:

- Names of employees with first aid qualifications.

- Location of first aid boxes.

All members of staff will be made aware of the school's first aid policy.

Accident Reporting.

Accident reporting is done via the info exchange online system by staff and monitored by management.

Pupil accidents involving their head.

The Governing body recognise that accidents involving the pupil's head can be problematic because the injury may not be evident and the effects only become noticeable after a period of time.

- Where emergency treatment is not required, a 'Head bump' letter will be sent home to the child's parents or guardians.

Transport to hospital or home.

- The head teacher will determine what is a reasonable and sensible action to take in each case.
- Where the injury is an emergency an ambulance will be called following which the parent will be called.
- Where hospital treatment is required but it is not an emergency, then the Head teacher will contact the parents for them to take over responsibility for the child.
- If the parents cannot be contacted then the Head teacher may decide to transport the pupil to hospital

Where the Head teacher makes arrangements for transporting a child then the following points will be observed:

- The pupils medical history will be sent with them.
- Only school vehicles insured to cover such transportation will be used.
- No individual member of staff should be alone with a pupil in a vehicle.
- The second member of staff will be present to provide supervision for the injured pupil.
