

## Careers Programme Study Information

Updated April 2023

As a primary provision, pupils at Mountfield Heath School do not undertake a specific careers programme. However, our [integrated therapeutic curriculum](#) supports pupils to be engaged, enthused and resilient, and therefore well-prepared to access the next stage of their education at secondary school. We fundamentally believe that experiencing achievement will increase our pupil's chances of living a happy life as independent, responsible, members of society.

Through our PSHE scheme, 1 Decision, pupils in KS2 are introduced to key concepts around work and employment through the module 'The Working World'.

1 Decision produces 'knowledge organisers' which outline the content, skills and learning outcomes from each module. The knowledge organiser for 'The Working World' module is attached for reference.
